

[Higashiura Chiiki Club] Recruiting members!

Higashiura Town Board of Education 「英語版」

◆ What is 「Higashiura Chiiki Club」 ? ◆

Apart from the extracurricular activities held at schools in junior high school, this is a new type of club run by the Board of Education and led by local community members, separate from the club activities held at schools.

Due to the declining birthrate, the number of opportunities to explore one's interests and possibilities through school district activities (club activities) alone is decreasing, so we are launching this club as a place where people can try new things or continue the activities they usually do.

Those who apply can freely participate in any club, so you can become familiar with a variety of activities.
