

How to Separate and Throw Garbage in Higashiura

Quantity of waste once in a day for 1 person

2021 477g → Target 429g

Request in throwing out the garbage.

- Burnable waste must be disposed until 8:00 in the morning on the collection day. Let's use the net, to cover the waste after disposal.
- Please be sure to put out the garbage in your area.
- Collection day might be changed on the year-end, New Year holidays, and bad weather day, so please check the public information, etc.

Please cooperate in decreasing and separation of waste disposal.

For inquiry : Higashiura Town Office Environment Division (Tel. 0562-83-3111)

ASUPA Free Distribution

Let's compost raw garbage by ASUPA and reduce the waste!

ASUPA is distributed at community center, Shukaijyo (Moriokadai and Hiraikedai), Fureai center, Fujie Kouminkan, and town office.

We place a pay advertisement for establishment of source of revenue. Please ask the advertiser directly about the advertisement details.

Classification Table of Household Wastes

Burnable garbage → **burnable** Non-burnable garbage → **incombustible** Recyclable waste → **recyclable**
 Bulky waste → **bulky** Waste not collected in town → **no collection** Ignitable waste → **dangerous**

Things longer more than 60cm of height, depth and width belongs to bulky waste. (However, garbage exceed- ing 2m is not possible for disposal at Tobu Chita Clean Center. Please contact the waste disposal specialists.)

Separate the recycled waste and dispose at the area station.

Accordingly the amount of garbage that was collected as recycled waste that was separately disposed at the garbage station will be added as a subsidy to the area where you live.
