

みんなで作る あたたくくて 居心地のよいまち 東浦

東浦町長 神谷 明彦

明治39年5月1日に森岡、緒川、石浜、生路、藤江の5か村が合併し、本町の前身である東浦村ができ、そこから42年後の昭和23年6月1日に町制施行をし、東浦町が誕生しました。

JR武豊線と国道366号、知多半島道路、名鉄河和線などの交通インフラが整えられ交通の便が良いことから、大都市近郊のベッドタウンとして発展しました。産業面では、昭和の高度経済成長期に繊維産業が栄え、今では自動車周辺産業や家具製造業などが立地しています。また、このような都市化が進む中でも、豊かな自然と史跡を保全する努力を続けてきました。

今後も先人が築いてきた「東浦」の自然と歴史を守り、だれもが健康で生きがいを持ち、互いに支え合えるコンパクトで暮らしやすい、景観にも優れたまちづくりを住民のみなさまとともに進めてまいります。

Warm and Comfort town established by everyone Higashiura

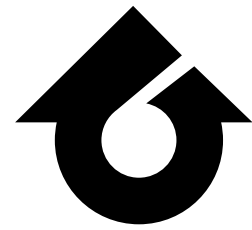

Mayor of Higashiura Town Akihiko Kamiya

Higashiura Village, the predecessor of Higashiura Town, was formed by merging 5 villages (Morioka, Ogawa, Ishihama, Ikuji, and Fujie) on the 1st of May, 1906. 42 years after, Higashiura Town was formed on the 1st of June, 1948.

Since Higashiura Town is conveniently located in terms of public transportation such as JR Taketoyo Line, Route 366 of National Road, Expressway Chitahanto Road, and Railroad Meitetsu Kowa Line, Higashiura Town has been developing as a commuter town in the suburbs of large cities. From the aspect of industries, textile industry was once flourishing during the period of rapid economic growth in Showa era. Meanwhile, the automobile and the furniture making industry are now major industrials of the town. In addition, even though the town is changing its form by urbanization, we have been continuously trying to keep our rich natural environments and the historic sites.

From here on out, with all the residents I would like to develop Higashiura Town without forgetting to keep our rich natural environment and history generated by our ancestors. With a collaboration of residents and town of Higashiura, our town would be a place where everyone has motivation in life with their good health condition, a place where residents are helping each other in a compact area, and a place where beautiful landscapes are reserved.
