東浦というキャンバスに、ひとりひとりが描く幸せな未来

a happy future drawn by all the residents on the canvas named "Higashiura"

わたしは、こんな東浦を 描いていきたい

東浦町長 神谷 明彦

右肩上がりの時代はもう来ない。あれかこれかを選択する時代に。まずは住民の皆さんにまちの現状を知ってほしい。そして、選択肢の中からどれを選ぶかをみんなで、納得づくで考えたい。だから、情報公開と住民参加が必要。住民の皆さんこそ、ここで税を支払い毎日を暮らす当事者なのです。

行政の大きな役割は支え合い。余裕のある人がより弱い立場の人を支える仕組みは欠かせません。

そして、子どもたちにはツケではなくて、明るい未来を残したい。だから、すべての子 どもたちに目の届く、のびのび自由に遊べる環境、すくすく育つ環境がほしい。文化の異 なる相手にも、自分の言葉で自分の考えを伝えられる一人の人間に育ってほしい。

みんなが長く住み続けたくなる、魅力ある、清潔で、心地よい居場所のあるまちにしたい。だから、自然環境やまちの景観にも気を配りたい。

このまちはこんな風に進んでいきます。

My wish is to draw Higashiura just like this

Mayor of Higashiura town Akihiko Kamiya

In front of all the residents, there is a necessary thing at the very beginning. First thing is the well-established administrative work. I expect officials to understand the principle of the work in order to perform their duty with clear explanations. Therefore, I promoted budget screening and business improvement movement.

An era of constant growth will never come again. Now is an era of choosing the thing which is really needed. First of all, I would like all the residents to know the present condition of the town. Then, I would like to consider the best solution for everyone with everyone's agreement. Therefore, information disclosure and residents' participation in municipal affairs are necessary. You are the one who pays tax and live in this town.

A prominent role of public administration is to support each other. A mechanism to support the vulnerable people either than the people who can afford is necessity.

I would like to leave juveniles not negative legacy but a brilliant future. Therefore, I would like to prepare an environment that juveniles are able to play and grow without any kinds of anxiety within the eyeshot of adults. In addition, I wish them to grow a person who can tell their opinion even if other person has different cultural background.

I would like to keep our town attractive, clean and pleasant where everyone wishes to live for a long time. Therefore, I would like to take care of nature environment and town scenery. This town will develop in this way.
