学校給食費の改定について（お知らせ）

NOTICE REGARDING REVISION OF SCHOOL LUNCH FEES

Thank you very much for your continued understanding and cooperation with Higashiura Town and school lunch program.

The town has been making efforts to control food costs through creative menu planning and careful selection of ingredients. However, due to the recent increase in food prices, particularly the price of staple foods such as rice, it has become difficult to maintain the quality and nutritional value of school lunches at the current fee.

For this reason, although this is an urgent measure, school lunch fees will be revised starting in October, 2026 (Reiwa 8). However, during fiscal year 2026, school lunches for children attending the public elementary schools will continue to be provided free of charge.

For students attending the public junior high schools, in order to reduce the financial burden on families, the town will cover the increase in lunch fee. Therefore, the amount paid by parents / guardians will not increase.

We will continue working to provide safe and nutritious school lunches and ask for your continued understanding and cooperation.
